

L'

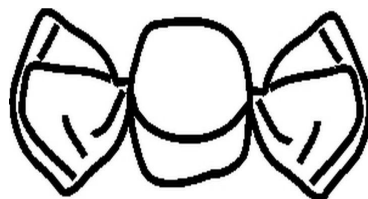

addizione IN FILASTROCCA!!

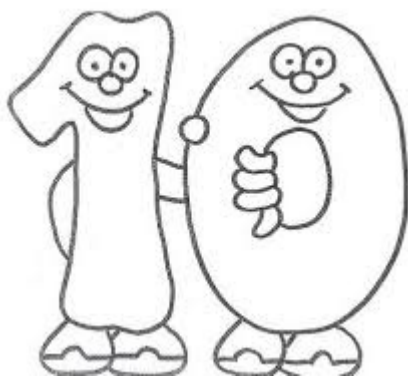

L' **ADDIZIONE** é proprio bella
e mi diverto con la tabella.
Se ho **una** sola caramella
e altre **cinque** me ne danno
sei caramelle in tutto fanno!
Me le mangio golosamente
e intanto i calcoli tengo a mente!

$$1+5=6$$

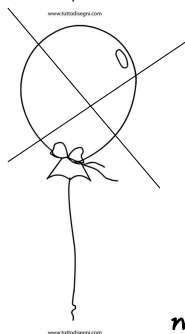

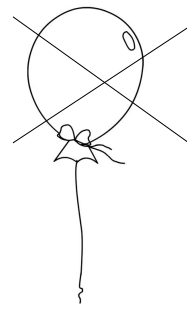

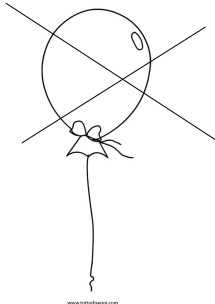

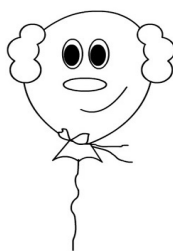

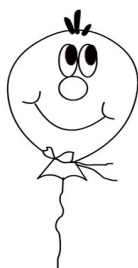

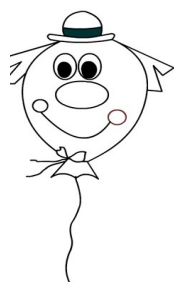

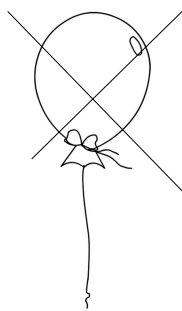

$$5+1=6$$

La **SOTTRAZIONE** in
FILASTROCCA !!

Non mi piace la **SOTTRAZIONE**
e ti do la motivazione:
Avevo **otto** lecca-lecca zuccherati.
Son passati in cucina i miei amici affamati:
Gnam, gnam, gnam!
Cinque me li hanno mangiati!
Solo **tre** ne ho salvati!

$$8 - 5 = 3$$
$$3 + 5 = 8$$
