

Once upon a time....

Izzy and her **fairy** friends live on an island and sold **ice cream** that flowed from a well.

They saved all of their money to make their carnival float.

They won "Best in Show" each year!

Then one day, the well ran dry. What would they do?

They surfed the **fairynet** for ideas.

They finally discovered **Ice-Cream Land**.

The Queen said that they had TOO much **ice cream**.

The fairies said, "Can we work together"?

They dug and dug until they had enough ice cream to take home.

Then they traveled back home.

But their trip took so long,

they didn't have time to make a float for the carnival!

But they joined right in with their "Rent-a-Truck".

Izzy and her friends did not win this year but...
